GUARDSMAN BECOMING SEASONED ARE ENJOYING GETTYSBURG CAMP.

Members of Company D Are in Good Health and Brown as Berries From Exposure.

U INOUT TO PUT OUT FIRES

Regular Routine of Camp Life Established and Men Are Becoming Accustomed to Duties—Notes of What the Troopers Are Doing in and About Old Battlefield.

CAMP ALEXANDER HAYES, Gettysburg, Pa., July 21.—Everything is going along nicely in camp except the hot weather, which is drying everything. "Somebody" dropped a cigar or threw a match in the woods back of the Tenth and Fifth Regiments and the woods took fire. It burned fiercely and it was necessary to call out the Tenth and Fifth Regiments, they taking ponchos and clubs and put out the flames. The regiments have been notified not to drop lighted cigars, cigars or anything on the ground which has been planted in wheat, as when a match touches it it goes up in flames.

Some of the new boys of Company D did not stand the hike. They dropped out and had to be taken back in the ambulance. The band never goes out on hikes and they are glad of it. Major Chafferson, an old-timer in the Guard and a Philadelphia veteran, says even if he is out of the Guard he can't stay away from it. Also Lieutenant Gordon, an old lieutenant of Companies C and D, is here. He says that he would like to be back in the Guard where he was two years ago. They can't stay away.

The eatables are good this year. The meat is better than heretofore, but the regiment is "kicking on the bread" that is being furnished by a Harpersburg firm. It is hard and crumbly when used and has no taste. We had for breakfast today, oatmeal and corn, apples, bananas, potatoes and onions, jam, coffee and tea, for dinner, beef, baked potatoes, boiled beans, mashed potatoes, cold slaw, rice pudding, custard pie, coffee, milk and cold tea. We had stewed tomatoes, roast in gears, fried spring chicken, sliced tomatoes, potato cakes, blackberry pie, bread pudding, iced tea and lemonade for supper.

This is Governor's day and we are all ready for the long march that takes place this afternoon. Thousands of people are flocking in to see the Governor and review. There will be the First, Second and Third Regiments, the Tenth and Fifth Regiments, the Sheridan Troop, Battery B, artillery and a detachment of the United States Regulars.

Guy Bryner of Co. D and Homer Cunningham of the Hospital Corps were overcome by the heat, but are able to go to light duty today.

Homer, most of the Hospital Corps is the worst sun-burnt boy in the regiment. He is as red as if he had been painted.

The boys are enjoying the shower bath. They feel good this hot weather.

Thousands of postals are being sent to mothers, wives and sweethearts as well as receiving the same. The boys run at the mail, map as if he was going to be mobbed. They are anxious to get mail.

The Eighteenth Regiment has so many men in the hospital today that they have cots outside and all are full. No sickness, just heat and sun stroke. They tell us this morning that they had good rains in Connellville. We have not had a drop.

Blaine Wetmore just arrived in camp this morning, being a mail carrier he could not get away until Wm. Friend came back from the mountains to take his place.

"No election" in Company D yet. Some of the boys last night let St. Mark's tent down and when he woke up he said he never heard the wind blow at all.

The boys of D Company, Band and Hospital Corps are all blue about the letting of Jacobson and Pfeiffer go. They feel worse when they look at the papers every day and see Connellville going back instead of climbing up. They think that the attendance would pay for those men, but if the team loses the fans will stay away.

John Gaster and Harold Decker were captured by the guards last night for coming in late. This morning at the guard house they told the lieutenant that they were down at the carnival and were on the ferris wheel and 1st got fastened some way and they could not get down to come back, but they both got extra duty just the same.

Tom Bosley and Worth Bosley, the only two cock hunters in the band, caught a big groundhog and have it alive, waiting till this evening when they expect to catch another and then we will have a great supper.

EARL ROBERTS, Field Marshal of the British Empire, hero of a dozen wars, big and little, and the man who turned the tide against the sturdy Boers in the last struggle between the floor and Britain, will be at the big celebration at Gettysburg this week, and together with the Prince of Wales will be the chief guests of the province. Earl Roberts was born at Cawnpore, India, September 26, 1832. He has been wounded more times than he can remember, and has an army record of which any brave soldier could be proud. He is not considered a territorial but he is a sternness itself during a campaign. He is beloved of the rank and file who affectionately dub him "Daddy" and "Bobby." He is the well known diminutive of "Bobby."

DIAMOND RINGS OFFERED FOR SALE.

Police Arrest Two Suspicious Characters This Morning With Small Sparklers.

TELL CONFLICTING STORIES.

Give Their Residence as Pittsburg and Say They Were Selling Them for Food But Good Roll Is Found on Their Persons—Believed to be Crooks.

John Carroll and Dennis Malarkey were arrested at nine o'clock this morning on Water street charged with being suspicious characters. P. R. Officer John Dismore learned from the employees about the station that two young men were endeavoring to sell two small diamond rings to persons in that neighborhood and notified Chief of Police Rottler. Both men started in search of the men and after looking about for some time caught them on Water street. They had offered the rings to several parties in that neighborhood.

Carroll and Malarkey were taken in charge separately by the two officers and first denied that they had any rings with them. Later they admitted they were trying to sell the rings in order to get money to get something to eat. When they were searched at the police station they had about \$15 in their pockets.

Both the men made conflicting statements about the rings. One stated that they had found them, while the other said that they had gotten the rings from a newsway. Both the rings were small chip diamonds, and are said to be valued at \$15 each. They looked as though they had never been worn. The men are being held in the police station pending communication with the Pittsburg police.

Chief of Police Rottler submitted the rings to inspection of a jeweler, who stated that they were phony diamonds and practically worthless. The men were given their release about noon.

OVERLOOKED DIAMOND.

Negro Ransacked Uniontown Home Failed to See Valuable Gem.

UNIONTOWN, July 23.—A negro was chased out of the home of Vance Gray, superintendent of the Uniontown Water Company, about 9 o'clock last evening after he had ransacked the rooms of the house. In his hurried exit he overlooked a diamond stud and some valuable jewelry in Mr. Gray's room.

The negro gained entrance to the house while the family were visiting.

YOUNG BRIDE OF DAY TAKEN HOME BY HER FATHER.

Parent Comes to Breckenridge Home and Secures Child Wife.

HUSBAND RESORTS TO COURT.

Will Institute Habeas Corpus Proceedings to Secure His Wife—Father Makes Information Against Breckenridge—Law to Settle Custody of Girl.

UNIONTOWN, July 23.—Ethel J. English, the 15 year old bride of Clark Breckenridge, is back in the home of her father, Dr. H. J. English of Jefferson township. The law will be invoked by the young husband and the father in the battle for custody of the girl.

Dr. English arrived from Jefferson township this morning and taking up to the home of Mrs. Ida Breckenridge, knocked at the door and was admitted. His daughter, now Mrs. Clark Breckenridge, was standing in the room and he took her by the hand and led her to the buggy where the two embarked for the English home. There was no violence attending the taking away of the girl. She protested against going and her young husband also protested, but neither Mrs. Clark Breckenridge nor the girl were in any quarrel, further than that the doctor stated that he had come for his daughter and was going to take her away. He said that she should remain with him until the legality of the marriage was established and if it was not established she would remain with him permanently.

Young Breckenridge came to Uniontown where he consulted with Attorney George B. Jeffrey and a petition of a writ of habeas corpus will be made out and presented to the session of court next Tuesday, to determine who shall have custody of the young bride.

Breckenridge has a copy of the minister's certificate of legal marriage. It reads as follows: "This certifies that S. Clark Breckenridge of Brownsville, and Ethel J. English were by me united in marriage according to the ordinances of God and the State of West Virginia, July 21, 1908. Signed, W. R. Moore, minister."

The certificate is witnessed by Lula R. Bailey and Mrs. T. B. Ligon. Dr. English last evening made an information against Breckenridge before Justice Gregg of Brownsville, charging him with perjury in connection with the girl's age. Constable Alex. Lash served the warrant upon Breckenridge and the latter went before Justice Gregg where he waived a hearing and gave \$3,000 bond with Harry Kiesinger as surety.

It is claimed by a number here that the information will not affect the wedding of the man, as if Breckenridge did falsely state the girl's age, it was done in the State of West Virginia and not in Pennsylvania, and it will be a matter for the West Virginia officers to take up.

Breckenridge has a number of prominent and influential relatives residing in Uniontown, who will give him every assistance possible in securing his young bride.

NIGHT WATCHMAN SHOOT BIG HAWK.

Martin Conner Brings One Down at St. James Park Measuring Six Feet Six Inches.

DAWSON, July 23.—Martin Conner, the night watchman employed by Mrs. Sarah B. Cochran at St. James Park, has demonstrated the fact that he was justly entitled to the many medals he wears in consequence of his having been an expert rifle shot in the Italian army.

A few days ago he observed a hawk many feet in the air, and with a rifle used by him in his army experience, quickly brought the bird to the ground which was found to measure six feet, six inches from tip to tip.

Mrs. Cochran is certainly fortunate in having secured Mrs. Conner to protect her interests. St. James Park.

Smithfield Man Despairs as Soon as He is Liberated From Lockup Leaving Prison Bride.

SMITHFIELD, July 23.—Mike Modish, the Pole that was committed to jail by a magistrate here on information of Hazel Pastorius of Outcrop and who was married to the woman by Squire Doyle while he was in jail, and afterward released by order of District Attorney Henderson, deserted his wife as soon as getting out of the battle and left for parts unknown. He drew all the pay due him at Achenuan coke works where he had been employed and it is presumed that he has gone back to his own country.

ROCKWOOD LODGEMEN INSTALL OFFICERS.

Knights of Pythias Formally Place Men to Govern Order in Position of Coming Year.

ROCKWOOD, July 23.—Assistant Deputy J. E. McCarthy of Addison was here on Tuesday night and installed the officers of Unique Lodge No. 3, Knights of Pythias. The officers were: Chancellor, Commander, P. E. Wotmer; Vice Chancellor, A. J. Farling; Prelate, George J. Hay; Master of Work, George Widenour; Keeper of Records and Seal, H. A. Miller; Master of Exchequer, Herbert Finkler; Master of Arms, W. R. Beerhewer; Landward, Charles B. Critchfield; Outer Guard, J. B. Critchfield. E. E. Sullivan, who was elected to serve as Trustee for 18 months, was not present at the meeting.

KNIGHTS GATHER AT BIG OUTING.

Enjoyable Day Spent at Shady Grove by Knights of Columbus and Their Families.

Shady Grove Park was the scene of a large and jolly gathering yesterday when the annual outing of the Knights of Columbus was held. Over 300 Knights from the Little and Union towns and their friends were present and spent a most enjoyable day. Special cars which were run from Uniontown and Connellsville were crowded all afternoon and evening. The day was spent in various amusements of the park, especially dancing, which was indulged in until 11 o'clock. An elaborate luncheon was served at 1 and 5 o'clock in the large open-air dining room. Visitors were present from Latrobe, Scottsdale, Pittsburg, Wheeling, Cumberland and Fairmont. The Reception Committee was composed of George F. Gould, M. J. Rogers and D. J. Murphy of Uniontown, H. J. Rosetti, P. J. Harrigan and John Irwin of Connellsville.

DAUGHTER CUT OFF CONTESTS WILL.

Claims Undue Influence Was Brought to Bear When Document Was Prepared.

UNIONTOWN, July 23.—Testimony was taken in the contested will case of Mrs. Sarah Toed of this place in the Orphans' Court yesterday. The deceased willfully practically all of her property to her son, Charles G. Toed, the Toed home in Morgantown street representing about all of it. Kate Messinger, a daughter of the deceased, was called out with this witness she has brought an action contesting the validity of the will, claiming that undue influence was brought to bear upon her mother in making it, and that she was not of testamentary capacity when she executed it. It is also contended that the will not signed at its face as it is required to be done to make it a valid document.

Thomas Brownfield, whose wife was killed some jewelry, was the writer of the will. It was written on two sides of a sheet of paper and signed only on one side. When asked if he had written the will all at the same time, he stated that he could not remember, although other witnesses stated that he had done so. Some other unimportant testimony was taken and the hearing continued until later.

CHURCHES COMBINE FOR UNION OUTING.

Lutheran, Methodist Episcopal and Presbyterian Will Join in Big Picnic at Oniophyle.

Three Protestant churches of town, the Lutheran, the Methodist Episcopal and the Presbyterian, will combine forces tomorrow and hold a union outing at Oniophyle. This is one of the first of its kind attempted here and will probably result in a success. A special P. & O. train has been engaged and it will leave Connellsville at 8:45. Returning, it will arrive in town at 6:30. The round trip tickets for adults will be 50 cents and for children 25 cents. Free luncheon will be served on the grounds. One of the features of this day will be a baseball game between the M. E. and Presbyterian teams of the Church League. No other athletic contests will be held.

Life Saved But Liked. KITTANNING, Pa., July 23.—First rescuing his son from a watery grave after an apoplexy coroner's punishment was what Professor J. C. Titman, principal of the Wickbourn High School, did yesterday. His son, with another boy, went out into the Allegheny river in an improvised boat which upset and plunged the boys into the deep water.

Professor Titman happened to be near and jumping into the river, swam out and rescued the boys. Then he gave his son a good spanking for being so venturesome.

BOSTON BANDIT CAPTURED AFTER BLOODY FIGHT.

Desperado Falls Riddled By Twenty Policemen's Bullets.

TWO OTHERS STILL AT LARGE.

Desperate Conflict This Morning in Cemetery Between Cordon of Officers and Man Who Spread Terror. Caught Wrong Man.

BOSTON, July 23.—(Special.)—The most thrilling man hunt following the Boston episode this morning, when the army of police and deputies surrounded two desperados in Forest Hills cemetery, riddled one with bullets and captured the other. Before they surrounded the bandits were responsible for the death of two men and the fatal injury of two others and the wounding of seven more.

Three hundred officers spent the night guarding the cemetery where the bandits took refuge. Night after night exhausting their ammunition. When dawn broke a cordon of blue coats closed with orders to shoot on sight. Their minutes later the first shot was fired as a big man darted out from a wooded knoll and ran about the ridge. Before he had run 300 yards he was hemmed in. For a moment he kept the police at bay by snapping an empty revolver, then he fell dead with 20 bullets in him. This was the leader of desperados, the one who did the murderous shooting. When he fell his companion a smaller man gave himself up without a fight.

So enraged were the police that they crowded upon him and would have beaten him severely had not Chief Wats commanded them to fall back. The dead man and the one captured have not been identified.

On Tuesday night they entered a Jamaica Plain saloon and when the proprietor offered resistance they opened fire, killing one and wounding two men fatally. The bandits then concealed themselves in Franklin park while the detectives spent the day looking for them. Yesterday morning they shot and killed the cemetery watchman. They disappeared until early last evening when they returned and opened fire on everybody in sight.

A list of the killed and wounded follows: Dead: Frank S. Drake, shot in Jamaica Plain saloon; Herbert Knox, cemetery watchman. Probably fatally wounded: Patrick Egan, Thomas Moore, railway conductors. Wounded: Thomas Whitworth, Mrs. Della Fellen, G. N. Fleming, patrolman; Edmund P. Indias, Patrol; McGlinn, patrolman; Howard McMahon, John Nolan; and Patrolman Thomas Thompson.

When the smaller of the two men gave himself up and was carried to the station house, he convinced the police that he did not belong to the bandits' gang, but was simply a spectator. He was released. "This leaves two of the desperados still at large."

GERMAN AND SCOTCH PRISONERS BEFORE BURGESS SOISSON TODAY.

Farmer and Boiler Maker From Foreign Country Taken in as Suspicious Characters and Tell of Misfortunes.

ONE GIDE, the new minister sent to represent the Norwegian government in the United States, is distinctly a notable personality from his prominence as a statesman. He is a son of Professor Gide, the famous Norwegian landscape and marine artist, and has inherited much of his father's skill with the brush. Minister Gide has been in the diplomatic service for 30 years, and has served at all the leading European capitals, as well as in China and Japan. When the union between Norway and Sweden was dissolved, Minister Gide entered the foreign service of his native country.

FRICK VETERANS ARE AT ONIOPHYLE.

Largest Crowd Association Has Ever Taken in Attendance.

With Lunch Baskets and Accompanied by Band Big Delegation Bears Down Upon Popular Resort—Coke Region Represented.

ONIOPHYLE, July 23.—The Frick Veterans' picnic here today could not be a more decided success than it is. There are fully 700 people from the greatest coke region in the world picnicking in the jolliest manner, and since they landed here this morning they have been having the best time of their lives. Hammocks were stretched throughout the park, seats scattered everywhere in abundance in many quiet places in which to rest and greet friends.

The event of the morning was a game of ball between members of the Association and those who are not members, but who have been long in the service of the company. The team was a regular one, representing as it did the oldest men in the Frick company's employ. But the ladies without the years demonstrated their ability over the seniors by taking the same 14 to 7. There was some hot playing and the enthusiasm was wild. The veterans won the applause if they did not win the game. But then it is charged that Empire Bill Stony of Scottsdale was like all umpires, and there's no accounting for which team got the game with an umpire.

President Thomas Lynch was unable to be present, as he is now sojourning at Magnolia Beach, but he sent his greetings and wished all the boys and their families a good time. General Superintendent W. H. Clingman and Assistant Superintendent Clay F. Lynch, with practically all of the coke region officers of the company, were present.

This afternoon the Frick baseball team will clash with the Oniophyle team, after which the Oniophyle team will have a game with Dunbar. They promise to be hummers and the betting is furious.

The veterans are demonstrating their ability at bowling and really are knocking down some pins. Some are taking advantage of the placid Yough and a miniature Atlantic City is presented along the front. Many who did not take their lunch with them were cured for at the Ferncroft hotel, where the committees had made special arrangements for them. It is the biggest outing the veterans have ever given and it will be long remembered.

ITALIANS at Mt. Pleasant Prepare for Great Event. MT. PLEASANT, July 23.—August 15 will be a red letter day for the Italians of Mt. Pleasant, it being in honor of St. Mary. Thousands of people will throng the streets on that day from Western Pennsylvania. In the morning mass will be said at St. Michael's church by Rev. Negroni, which was furnished by the Mt. Pleasant Italian Bazaar committee. A monstrous parade will be held, participated in by people from all parts of Pennsylvania. In the evening there will be a dance, after which a display of pyrotechnics will take place. The fireworks last year were a big success, but those to be put off this year will be the best ever seen in Mt. Pleasant. The committee say they have already \$500 for fireworks and an expert from New York will put them off.

THURSDAY EVENING, JULY 23, 1908.

THE SABBATH OBSERVANCE MOVEMENT.

The Sabbath Observance movement has struck Conneltsville like a bolt of lightning out of a clear sky. The movement is not in response to any popular demand on the part of our citizenship, nor has it home sanction or support. It comes from Uniontown. Whether the motive is merely fanatical or something worse remains to be determined.

The Courier has from time to time expressed its disapproval of the methods of the Sabbath Observance Association in presenting dealers for selling soda water and cigars on Sunday. We cannot think this proceeding adds any moral tone to the community. It seems to us to be petty persecution. We are for a decent and orderly Sabbath but not for one which aims to deprive the people of their comforts and their innocent recreations. The great bulk of our people are working men and women. Sunday is their one and only day of rest. It should be a day of rest in the broad sense of the term, and not a day of funeral introspection or personal flagellation. It should not be a dark and dreary day of punishment but a day of hope and sunshine and pleasure. It should be reposeful, but not riotous, marked by liberty but not by license, with reasonable freedom and without unreasonable restraint.

Local self government is an essential principle of American freedom. For it Washington and his rugged Continentals fought a resolute seven years war. The Uniontown censors of Conneltsville morals are out of their ballistics. This community is able to take care of itself. Outside interference may be justified by the technicalities of obsolete legislation but not by the broad spirit of the living organic law.

The Sabbath Observance movement as practiced in and upon Conneltsville has neither the sympathy nor the respect of this community and the ultra virtuous people who are back of it will do better to cease persecution and devote their energies to a cause more worthy to be called Christian.

PLAYING TO THE GALLERIES.

The official Organ of the Youth Democratic League testified that we should question the enthusiasm of the Bryan movement in Fayette county. It says:

"The men who were present at the meeting in Uniontown Saturday were imbued with the true Democratic enthusiasm. The mention of Bryan's name brought forth applause and those who made speeches spoke as if the words came from their very souls. They are Democrats good and true and all are willing to make sacrifices to see the Democratic ticket and principles come on top this year."

The News is playing to the galleries. The Democratic organs of Fayette county have been accused of being to the contrary of political interest which has itself been accused of being willing to make sacrifices for the Platte river Prophet though at times no doubt perfectly willing to elect a Democratic county ticket. It may be willing to make some sacrifices along that line next year. In the meantime, the Democratic note must be held together even if it should be led astray some other time.

The Democratic organization is a Guffey organization and like "Colonel Guffey" it has no love for Bryan or his peculiarly disturbing policies. It is going along this year for the purpose of being regular. It will make a big noise through the medium of the responsive organs but the size of its sacrifice can be more accurately measured when the returns are in.

A SAFE AND SANITARY SWIMMING HOLE.

Bathing in the river within the borough limits with or without bathing suits should be absolutely forbidden. The water is at this season of the year rank with the poisons of sewage and dangerous to the health of the bathers. It is the duty of the health authorities to stop it and they should be seconded in their efforts by all the police power of the two boroughs. The public spirited citizens of Fair chance have built a bathing pool near that town. Conneltsville needs something of this nature and it should be located above the town where the

water is uncontaminated or better still a bathing pond might be built in the proposed park. The ground permits of a natural basin and the waters of the creek are pure and wholesome. Boys will go swimming and they should have a swimming hole that is safe in all respects and especially from a sanitary point of view.

LET'S HAVE THE FIGURES.

Our esteemed but somewhat senile contemporary The News takes our discussion of circulation contests with bad grace. It waxes wroth and says:

"The Daily Twister has started nagging on the cost and results of the Daily News popular young lady contest. As usual it hits wide of the mark of correctness."

This is a plea of confession and avoidance. It will be noticed that The News furnishes no specific figures but contents itself with a general denial. We have every reason to believe that our statements are entirely accurate but if there are in any respect erroneous we will be glad to have them corrected. Until the News is able to do this in specific figures however we must persist in the accuracy of our own calculations which are based largely upon the statements of The News itself.

The difference between The Courier and The News is that we deal in cold figures and verified facts while The News confines itself to generalizations and its favorite expressions which it keeps standing at the head of its editorial column is "Circulation books open to all." On a recent occasion when the circulation books were called for it didn't have any, it may have some now but they are perhaps of the ornamental variety.

Let's have the figures.

The reversal of Judge Jandis' bench made a veritable imposing an enormous line upon the Standard Oil Company will not appeal to the prejudiced against the trust but it will in a veritable sense be approved by our sense of equal and exact justice. The right of trial by jury is older than the republic. In the language of the Appellate Court it is a guaranty that reaches back to the beginning of civilized government and no one shall be punished until he has been heard. In the eager pursuit of the industrial animal known as the octopus care should be taken that nothing be added to the machinery of the law which may prove harmful to the innocent who come after.

All roads lead to Dawson.

Joshua V. Thompson is still buying coal lands in Washington county. He evidently is not without faith in the future and he has a long distance eye for coming events.

If the County Commissioners escape from the County Auditors as well as the Poor Directors did they won't have any complaints to make.

Roosevelt has had another narrow escape. If Bryan were in the White House and Kean sitting in the Senate Chamber the Bryanites would have Gold cliffs every time Bryan would try to emulate some of the strenuous examples of Roosevelt.

Charles is charged with being a Black Hand center. The distinction is more distinguishable than desirable.

Colonel Bryan may be the Peerless Leader at Denver but Colonel Guffey has demonstrated the fact that he is the Peerless Leader in Pennsylvania.

The Guffey roster is the boss of its own dunghill.

That \$20,000,000 Standard Oil duo threatens to get away.

Many Conneltsville citizens will be glad when Division Superintendent Driscoll returns not only because they will be pleased to welcome him home but also in the hope that the annoyance of shuffling locomotives will be stopped again.

Taft wishes he might be back on the bench. Don't do it. Bill. Remember Parker's fate.

It's back to the Fall Dinner Fall for the American wagonmaker.

The Dining opposition fed away. It never did lock bigger than a nickel.

The Water Wagon has started on its campaign journey.

The endorsement of Bryan by the Pennsylvania community is very like to the Fayette endorsement. The endorsement is similar yet different from the endorsement of a note. The endorsement of a note sometimes has to pay it but the endorsement of the Bryan candidacy cannot be called in account.

The Conneltsville band made a hit at Goshburg and they are due to make a home run pretty soon.

The Gattysburg sham battle was a draw. It drew a big crowd.

A burpor crop promises to give Bryan the bumps.

The Fayette county Democratic Committee endorsed Bryan and the Denver Platform. It is a relief in part to the Fayette county Democratic Committee but some of them at least do not believe in publicity of local campaign expenditures. The Democratic candidates for sheriff and district attorney have not yet filed their expense accounts yet.

The defunct Mount Pleasant bank seems to have been the victim of too much strenuous promoting. It isn't the most strenuous either. Many other banks have failed from worse causes than trying to build up an industrial community.

The Dawson races had to swim out on the opening day.

Dunbar township teachers got an increase in wages. Dunbar township deems the best pedagogic material and to get it must pay the best wages. It is the best material. The only point in teacher should be permitted to have is his or her ability.

BARGAINS THAT ARE NOT ADVERTISED.

Perhaps the best bargains this store has to show are never advertised in these columns. When we find an odd lot of anything, or a short piece of goods, it is delivered at a bargain price and hurried to the bargain tables and chances are sold before an advertisement could reach you. This happens every day of our store life. Of course if the quantity should be large enough to merit it we may tell you about it here but the small lots that are never mentioned and because the quantity is so small, the prices are very very attractive. That's the reason that I never visit this store. Call often these bargains. You never know what you may pick up on these bargain tables and really you'll find this store very comfortable these warm days. A pleasant rest room and an easy chair and plenty of cool water to drink. One reason for so many of these bargains just now is that we are determined to empty our shelves of every odd piece or garment. We are almost preparing for the coming fall season. Part of our preparation is already completed. Some of our fall goods such as rugs and carpets and some of the cutlery are ready here. Others are coming along and we'll soon have them all in the East completing our purchases for fall business. Before these new goods arrive we want to empty our shelves if possible and we ask you to help to do it and these bargain tables are one way we have of making it worth your while to help us. Another thought that you might consider is this. Some one is going to get their bargain. Why not you? Think this over. It's worth considering.

\$2.50

Will get you a good style, well made, solid, serviceable dress shoe. The man who thinks that \$2.50 is enough to pay for a fine shoe at present should look over what we are selling for this money. We are showing a number of styles at this price and there will be no trouble to please you. They are nicely made in every way, are well finished and the leathers are the best selections possible for \$2.50. You can have a Patent, Vic Kid or Box Calf leather.

COKERS LOST BOTH GAMES TO UNIONTOWN IN DOUBLE HEADER.

Strengthened by the acquisition of Dave Calhoun, the new outfielder from Ohio, and weakened by the absence of Milt Montgomery at the key-stone's sack, Connellsville dropped two halves of a double-header at Uniontown yesterday, scores 4-1 and 3-2. Calhoun did not show up in the spot light with the war club except in the second game when he hit for three sacks. Bowman, a former Yale man, and formerly physical director at the hill school, covered second for the locals. Abe Kruger had all kinds of speed up his sleeve in the first encounter, fanning eight Cokers and allowing but one hit, a single by Tiffany. Cotter opposed the big one on the mound and was touched up for 11 hits, including three triples. Cannon and J. Price, the latter a new article secured by the Ontons, worked in the second game. J. Price passed the first two men down the line, Limrie going to the center of the diamond.

In the first game Connellsville made its only run and hit in the second inning. Birmingham was out. Cowen to M. Price. Calhoun hit Cowen, who made a wild throw to get him at the initial cushion. Calhoun going to third. Tiffany then loomed up with the only single of the game by the Cokers, scoring Calhoun. In the second game G. Price was on the job, and as a starter walked both "Sunny" Price and Todd. Billam sacrificed and Birmingham contributed a timely single, scoring K. Price. In the third after Billam was down, Birmingham hit to the left field fence, taking third. K. Calhoun followed the little one's example and pushed one good for three cushions in the same territory.

Connellsville went up in the eighth and Uniontown showed two across the pan for the game. Connellsville made an effort to tie the score in their half of the ninth but failed. The score:

CHARLEROI OUTCLASSED.

Clarkburg Runs Away From Wharf Rats in Slow Game.

CLARKSBURG, July 23.—Clarkburg had an easy time with Charlerei yesterday afternoon, easily defeating them 6-1. Lower was in good shape and had the Cherubs on his wagon all the way. McCleary, who started the glad stunt for the Rats, was relieved by Manager Osborne in the sixth. The score:

CLARKSBURG.	R.	H.	E.	A. E.
Clarkburg	6	10	0	0
Charlerei	1	0	0	0

Batteries: Lower and McCleary; McCleary, Osborne and Dailey.

Baseball Babbie.

Two games, Tiffany had the only bingle in the first.

It looked like Connellsville's game in the second half, but not.

The mecs drew the crowd yesterday from Connellsville, so that there were not many Coker rooters down to cheer Connellsville on to defeat.

Bill Birmingham has for the last month been getting his bingles with regularity. The change to the outfield has sent him up to nearly the top of the big stikers.

Today and tomorrow with the Ontons and then Saturday, probably, a double-header with the Millers. If the Ontons were not in the lead, Connellsville would be in first place.

The Price family was all there. K. Price for Connellsville, J. Price and M. Price for the Ontons.

Yesterday's trip to Uniontown was the last one that the Cokers need to make to that burg until August 8.

Three games are played there in August. Next week the Cokers will have another week at home. Scottdale is here on Monday, Clarkburg on Tuesday and Wednesday and Charleroi on Thursday, Friday and Saturday. Week after next the locals will take another southern trip, playing at Clarkburg and Fairmont.

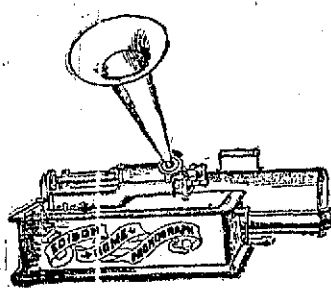

TWO PITCHERS COULD NOT WIN FOR MILLERS.

Fairmont Easily Defeats Cella Champs, Not Allowing Them a Rally in West Virginia.

FAIRMONT, July 23.—Fairmont had an easy time with Scottdale yesterday afternoon, beating two pitchers all over the lot for a total of ten bingles and eight runs. Hazleton retired in the fourth after five runs had been made off him. Cronley was in good form and allowed but four hits. The features of the game were the holding of Cronley and the home run of Jackley with two men on the cushions. The score:

There is no better Phonograph made than the Edison. We are the only ones that have ever offered them at a cut price in this section.

Here's an Offer that Actually Gives You Edison Records at 10c Each

Here's the way it will be done, and the reason we take this action.

A few weeks ago we cut the price of Edison Phonographs, but this present offer by far eclipses any offer ever made in this or any other section of this state.

The Offer:—To anyone purchasing one hundred records at the regular price (\$35.00) we will give a \$25.00 Edison Machine. This brings the cost of the records down to 10c each. Positively the lowest price ever quoted on Edison Records. No dealer in town can duplicate this offering. It is only stores with the buying power we have that are able to accomplish a coup of this kind. You'll never be made so good an offer again. The records involved are perfect in every way and our collection contains all of the newest selections both vocal and instrumental. This sale will continue all of this present week.

DUNBAR WINS ANOTHER.

Fast Ball Team Takes Game From Mt. Braddock—Other Games Scheduled.

DUNBAR, July 23.—The fast Mt. Braddock ball team came here last evening and played a seven-inning game with the Dunbar team. They were defeated by a score of 7 to 4. The features of the game were a one-handed catch by Irvin and the pitching of Maloy for the locals. The Mt. Braddock umpire was away on his decisions, which were very unsatisfactory not only to the home supporters but to the visitors' followers as well. This makes the third straight defeat for Mt. Braddock at the hands of the locals. Batteries: Dunbar, Adams, White and Maloy; Mt. Braddock, Grottyman, Alfred and Lakes. The locals' journey to Clonty on Thursday, July 23, for one game, the last team of that place. On Saturday they play the Trotter A. C. Th. Amplem the ninth straight game for the locals. They defeated the fast Everston Nationals Saturday 11 to 2. Dunbar would like to hear from the Lemont Champs.

RECTOR IS BEATEN

Speedy American Runner Defeated by South African.

London, July 23.—Comparative gloom pervades the American camp. The athletes from over the seas had strongly cherished hopes of repeating their previous grand record of making a clean sweep in the track events, but a dark horse in the person of the South African youth, R. E. Walker, upset the calculations. Walker broke the tape in what is considered the most important event in the Olympic games, the 100-meters dash, a short two feet in front of J. A. Rector, the University of Virginia crack, thereby putting an end to the astonishing succession of American triumphs which had begun to sadden the Britons. Shoulder to shoulder Walker, Rector and the Canadian star, Kerr, ran down the straight, with Cartmell, the Pennsylvania sprinter, close behind. At the half-way mark Walker forged slightly ahead, but at the tape less than a yard separated the first three men, with the Canadian only inches behind the Virginian, in third place. A world's record by C. J. Bacon of the Irish-American Athletic club in the 400-meters hurdling, which he won in 55 seconds; an Olympic record of 24 feet 6 1/2 inches by F. C. Irons of the Chicago Athletic association in the running broad jump, and the victory of G. S. Dale of Yale in the feather-weight wrestling out of seven finals should be a satisfactory day's performance.

LIGHTNING STRIKES BARN.

Big Structure Filled with Crops Destroyed by Fire.

SOMERSET, Pa., July 22.—The barn of Hiram Shultz, a well known resident of Lincoln township, was struck by lightning and together with its contents was totally destroyed. The loss is estimated at about \$5,000, and it is stated that only a small portion of the loss is covered by insurance.

The barn, which was of large size, had just been filled with hay and crops and a quantity of expensive agricultural machinery was stored in the lower part of the barn. It is reported that several cattle and two horses were burned.

By swift work some property, including several horses and a number of cattle and pigs were taken from the blazing barn.
